2. The registered capital is divided into 31,500 (in words: thirty-one thousand and five hundred) ordinary shares, each with the nominal value of CZK 100,000 (one hundred

thousand Czech crowns), which entail no special rights (hereinafter the “shares”). All the shares are registered shares in book-entered form.

PART II Shares

Article 4 General

1. Each share comprises: specification that it is a share; the business name, identification number and registered office of the Company; the nominal value; unambiguous identification of the shareholder; specification of the kind of the share and a description of the associated rights; and specification of the form of the share.
2. The list of shareholders is replaced by records of book-entered securities kept by an authorised person (hereinafter the “records of securities”). Until the issue price of a share is paid, the Company may issue interim certificates with the requisites under the Corporations Act, which entail the rights and obligations associated with an unpaid share. After entry in the records of securities, the holder of an interim certificate is obliged to return the certificate to the Company.
3. If the General Meeting decides on an increase in the registered capital, transformation of the Company or a change in the kind of shares, the Company may issue shares entailing a priority right relating to dividends (hereinafter “preferred shares”) provided that the aggregate of their nominal values does not exceed one half of the registered capital. No right to vote at the General Meeting is associated with preferred shares issued by the Company unless voting according to kinds of shares is required by the law or these Articles. The holders of preferred shares have all other rights associated with the shares. As from the date following the date when the General Meeting decided that a preferred dividend would not be distributed or as from the first day of delay with payment of a preferred dividend, a shareholder acquires the right to vote until the General Meeting decides on payment of the preferred dividend and, if the Company is in delay with payment of a preferred dividend, until the date of its payment.
4. The holders of preferred shares, who have thus temporarily acquired the right to vote, still have the right to vote at the General Meeting that decides on payment of the preferred dividend, to the entire extent of its agenda. Unless the law or these Articles lay down otherwise, the provisions of these Articles concerning shares apply to preferred shares.

Article 5 Pledge of Shares

1. Shares may be pledged only with prior consent of the Supervisory Board. If the Supervisory Board fails to make a decision on a request for such consent within two months of delivery of the request, it holds that the consent has been granted. The right of pledge to the shares arises upon registration of the pledge in the holder’s account in the records of securities.

2. Prior to the decision pursuant to paragraph 1 above, the shareholder is obliged to prove that he/she has acquainted the future pledgee with the limitations of transferability of the shares (Art. 6 of the Articles) in case of exercise of the pledge. If the pledge is exercised, the relevant shareholder is also obliged to notify the securities trader of the limitations pursuant to Art. 6 hereof.

Article 6

Transfer of Shares

1. Shares may be transferred only subject to the conditions laid down by the applicable laws and these Articles.
The shares are deemed to be transferred at the time of registration of the transfer in the holder's account in the records of securities. A transfer of a share becomes effective *vis-à-vis* the Company once the Company receives a proof of the change of the shareholder in the form of a statement of the holder's account, or on the date of delivery or receipt of an extract from the records of the issue of shares under the law providing for capital market undertakings.
2. In case of a transfer of shares, a pre-emptive right is vested in the shareholders entered in the records of securities on the date preceding the date when the offering shareholder sent his/her offer under paragraph 3 to the other shareholders. This pre-emptive right is vested in the shareholders to the extent corresponding to the ratios of their respective shares in the registered capital, rounded off – based on the applicable mathematical methods – to an amount evenly divisible by the nominal value of the share. Anyone having this pre-emptive right may waive it.
3. A shareholder who intends to transfer a share to another shareholder or a third party is obliged to present a written offer to the other shareholders, including:
 - a) specification of the shares offered for transfer, their total number and the aggregate amount of their nominal values;
 - b) the nominal value per share, the requested price per share and the due date of the price (the price and the due date thereof must be identical for all the shareholders);
 - c) the number of shares attributable to each shareholder according to the calculation pursuant to Art. 6 (2);
 - d) the deadline by which the other shareholders can notify the offering shareholder in writing (also by fax) that they accept his/her offer; this deadline must be the same for all the shareholders and may not be less than 30 days from the date when the written offers are sent.
4. If an entitled shareholder exercises his/her pre-emptive right, his/her written notice sent to the offering shareholder must comprise acceptance of all the terms included in the offer. The entitled shareholder must specify, in his/her notice, the number shares he/she wishes to purchase based on his/her pre-emptive right and the deadline by which the offering shareholder and the entitled shareholder will lodge an instruction for registration of the transfer of shares in the records of securities. This deadline may not be more than seven days of the date of delivery of the entitled shareholder's notice to the offering shareholder.

5. A purchase agreement is deemed concluded upon delivery of the entitled shareholder's notice to the offering shareholder pursuant to paragraph 4 above. This also applies if the entitled shareholder wishes to purchase only a part of the shares that were offered to him/her. Both parties, i.e. the offering shareholder and the entitled shareholder, are obliged to issue, by the deadline specified in the entitled shareholder's notice pursuant to paragraph 4 above, an instruction for registration of the transfer of shares in the records of securities, and specify in the instruction all the information required by the applicable laws.
6. If a part of the shares being transferred in the manner under paragraphs 2 to 5 above is not transferred in the first round of the offering procedure, the transferor is obliged to restate the offer in the same manner, but only towards the shareholders who accepted the first offer to the full extent. If all the shares are again not transferred, the transferor may transfer the remaining shares, under the same terms and conditions, to any current shareholder or, under the conditions specified below, to a third party.
7. The Supervisory Board's consent is required for a valid transfer of a share (shares) to a third party. In his/her request for consent to the transfer of shares, the transferor must specify:
 - a) the total number of shares offered for transfer, their specification and aggregate nominal value;
 - b) the nominal value per share, the required price per share and the due date of the price;
 - c) fulfilment of the conditions for exercise of the pre-emptive right by the other shareholders and its result;
 - d) the name and registered office (or the name, birth identification number or date of birth, and place of residence) of the relevant third party;
 - e) an up-to-date extract from the Commercial Register or another register for the third party;
 - f) a brief description of the civil and business activities of the third party if the third party is a natural person.

If the Supervisory Board fails to make a decision on a request for transfer of shares within two months of delivery of the request, it holds that the consent has been granted.

8. The Supervisory Board must refuse its consent to a transfer if:
 - a) the conditions of the other shareholders' pre-emptive right have not been met; or
 - b) the transfer of the shares should take place under different terms and conditions than those specified in the offer to the shareholders; or
 - c) before the date of the Supervisory Board's decision on the request, an enforcement or debt collection procedure or insolvency proceedings have been initiated against the acquiror; a decision has been made on the acquiror's insolvency; bankruptcy has been declared with regard to the acquiror's assets; or a moratorium has been declared prior to a decision on insolvency; or the court has permitted debt relief or reorganisation of the acquiror; or a decision has been made on the acquiror's dissolution with liquidation.
9. If the Supervisory Board refuses to grant its consent to a transfer of shares for reasons other than those specified in paragraph 8 above, the Company must purchase the

relevant shares on the shareholder's request in accordance with Section 272 (3) of the Corporations Act. The right to claim that the Company purchase a share (shares) has to be exercised within one month of the date of receipt by the shareholder of the refusal to grant consent to the transfer of the share, or else it expires.

10. If the conditions laid down for a transfer of shares are not met, the share transfer agreement is ineffective or invalid under the conditions laid down by the law. The provisions on a transfer of shares also apply to a transfer of interim certificates and a transfer of the priority right to subscribe for shares.

PART III Increase and Decrease in the Registered Capital

Article 7 Increase in the Registered Capital

1. Decisions on an increase in the registered capital are made, as a rule, by the General Meeting.
2. The Board of Directors may be authorised, by virtue of a resolution of the General Meeting, to increase the registered capital. This authorisation may be granted for no more than 5 years from the date of adoption of the relevant resolution by the General Meeting. An increase in the registered capital may be effected either by a subscription of new shares or from the Company's own resources. An increase in the registered capital may not exceed one third of its amount entered in the Commercial Register as of the date of the Board of Directors' decision.
3. The invitations made and resolutions adopted in connection with an increase in the registered capital must include the requisites laid down by the law.
4. An increase in the registered capital becomes effective on the date of entry of its amount in the Commercial Register.

Article 8 Increase by Subscription of New Shares

1. The registered capital may be increased in this manner if the shareholders have fully paid the issue price of any previously subscribed shares. This limitation does not apply if the issue price of the shares that are to be subscribed will be paid exclusively by contributions in kind.
2. The issue price may be set above the nominal value of a share (a share premium).
3. The Board of Directors must file an application for entry of the resolution on an increase in the registered capital in the Commercial Register without undue delay.
4. Each shareholder has a priority right to subscribe for a part of the new shares that are subscribed to increase the registered capital to the extent of his/her share in the registered capital if the shares are subscribed through pecuniary contributions. This priority right

may be excluded or limited only in an important interest of the Company by resolution of the General Meeting.

5. After the date of the resolution of the General Meeting on an increase in the registered capital, the priority right may be transferred under Article 6 hereof.
6. If shares are subscribed through pecuniary contributions, the subscriber has to pay a part of their nominal value specified by the General Meeting, but no less than 30% together with any share premium, by the deadline set by the General Meeting, or else the subscription is ineffective.
7. If the registered capital is increased through contributions in kind, the Board of Directors must provide the General Meeting with a written report, stating the reasons for the increase in the registered capital through contributions in kind, description of the contributions in kind, information on whether the contribution in kind has been evaluated by expert report, the amount of the issue price to be paid up by addition of the contributions in kind and the amount at which the contributions in kind are valued. Contributions in kind must be fully paid up prior to filing an application for entry of the increase in the registered capital in the Commercial Register. The value of a contribution in kind will be determined by an expert report.
8. The subscriber is obliged to pay the issue price of the shares he/she has subscribed by the deadline set by the General Meeting, which may not exceed 1 year from the day of entry of the increase in the registered capital in the Commercial Register.
9. In case of breach of the obligation to pay the issue price of the subscribed shares pursuant to paragraph 8 above, the subscriber is obliged to pay default interest at the rate of 20% p.a. Furthermore, the Board of Directors will apply the procedure pursuant to Sections 345 and 346 (1) of the Corporations Act *vis-à-vis* the subscriber.
10. In case of subscription through pecuniary contributions, the Board of Directors is obliged to file an application for entry of the new amount of the registered capital in the Commercial Register after the subscription of shares to an extent corresponding to the increase in the registered capital and after payment of at least 30% of their nominal value, together with any share premium. In case of subscription through contributions in kind, the Board of Directors is obliged to file an application for entry of the new amount of the registered capital in the Commercial Register after the subscription of shares to an extent corresponding to the increase in the registered capital and after they have been paid for to the full extent.
11. The shares issued in connection with an increase in the registered capital give rise to the right to a dividend from profits generated in the year when the registered capital was increased, for the period from the date of entry of the increased registered capital in the Commercial Register to the end of the relevant calendar year.

Article 9
Increase from Internal Resources

1. The General Meeting may decide on an increase in the registered capital following approval of ordinary, extraordinary or interim financial statements audited with an unqualified opinion.
2. The increase may not exceed the difference between the equity capital and the sum of the registered capital and other internal resources that are earmarked for a specific purpose which may not be changed by the Company.
3. The shareholders participate in such an increase in the registered capital *pro rata* according to the respective nominal values of the shares subscribed by them.
4. The increase in the registered capital will be effected either by issuing new shares to the shareholders *pro rata* according to their respective shares in the current registered capital, or by increasing the nominal value of the existing shares.
5. If new shares are to be issued, the Board of Directors will issue an instruction to enter the new shares in the records of securities; the instruction has to be made without undue delay after entry of the increase in the registered capital in the Commercial Register.
6. If the nominal value of the existing shares is to be increased, this increase will be effected by a change in the record on the amount of the nominal value in the records of securities on the basis of a Company's instruction. The Company's instruction must be accompanied by an extract from the Commercial Register proving entry of the amount of the registered capital.
7. Without undue delay after entry of the new amount of the registered capital in the Commercial Register, the Board of Directors will arrange for issue and distribution of new shares or an increase in the nominal value of the existing shares.

Article 10
Decrease in the Registered Capital

1. Decisions on a decrease in the registered capital are made by the General Meeting. A decision on a decrease in the registered capital may only be made after the requirements of Act No. 277/2009 Coll., on insurance, as amended (hereinafter the "Insurance Act") have been fulfilled.
2. The invitations made and resolutions adopted in connection with a decrease in the registered capital must include the requisites laid down by the law.
3. A resolution of the General Meeting on a decrease in the registered capital has to be entered in the Commercial Register.
4. A decrease in the registered capital becomes effective as of the date of its entry in the Commercial Register.

Article 11
Manner of Decreasing the Registered Capital

1. If the nominal value of shares is decreased, this applies *pro rata* to all the shares in the Company. The decrease will be effected by a change in the record on the nominal value of the shares in the records of securities based on a Company's instruction. The Company's instruction must be accompanied by an extract from the Commercial Register proving entry of the decrease in the registered capital in the Commercial Register.
2. A decrease in the registered capital by means of withdrawal of shares from circulation based on drawing lots or an agreement is not permissible.
3. If the procedure under Sections 345 (2) and 346 (1) of the Corporations Act does not apply or if shares are not issued to the person approved by the General Meeting under Section 346 (2) of the Corporations Act, the General Meeting may resolve that the registered capital will be decreased to the extent to which subscribers are in delay in paying up the nominal values of the shares.

PART IV
Shareholders' Rights

Article 12
Share of Profit and Share of the Liquidation Balance

1. Shareholders are entitled to a share of profit approved by the General Meeting for distribution based on the economic results of the Company. The General Meeting may decide on distribution of profit among the shareholders if the preconditions laid down by the applicable laws are met and unless the Czech National Bank decides on preferential use of the entire profit in accordance with the Insurance Act.
2. The amount of the share of profit per ordinary share (hereinafter a "dividend") will be based on the ratio of the nominal value of the ordinary share to the aggregate nominal values of all the ordinary shares issued by the Company. The amount of the share of profit per preferred share (hereinafter a "preferred dividend") will be based on the ratio of the nominal value of the preferred share to the aggregate nominal values of all the preferred shares issued by the Company.
3. Dividends are due within 3 months of the date of the General Meeting's resolution on distribution of profit unless the General Meeting sets a different due date. Shareholders are obliged to provide the Company on request with information necessary for payment of the dividend.
4. Upon dissolution of the Company with liquidation, each shareholder has the right to a share of the liquidation balance. The shareholder becomes entitled to payment of a share of the liquidation balance on the date when the Company's shares are deregistered from the records of securities on the basis of the liquidator's instruction.

Article 13

1. A shareholder is entitled to participate in and vote at the General Meeting, to request and be provided with explanation of matters concerning the Company that are on the agenda of the General Meeting, and to submit proposals and counterproposals.
2. The Board of Directors has to provide each shareholder who so requests in due time in writing with the necessary information on matters proposed for the agenda of the General Meeting, if possible in a bilingual version (Czech and English), not later than 8 days prior to the General Meeting.
3. The number of votes held by a shareholder is derived from the nominal value of his/her shares. One vote pertains to each CZK 100,000 of a share's nominal value. The total number of votes in the Company is 31,500.
4. Each shareholder, as well as each member of the Board of Directors or Supervisory Board or liquidator, may ask a court to declare a resolution of the General Meeting invalid if it is at variance with the law, the Articles of Association or good morals. This right expires if not exercised within 3 months of the date when the applicant learned or could have learned about the resolution of the General Meeting, but not later than within one year of the adoption of the resolution.
5. In such court proceedings, the Company will be represented by persons specified by the law.

Article 14
Shareholders with 1% Share in the Registered Capital

The Board of Directors is authorised to supplement the proposed agenda only with approval by the persons who requested that the General Meeting be convened pursuant to paragraph 1 above.
3. If the Board of Directors fails to perform the duty under paragraph 2 above, a court will decide, on request of the shareholder or shareholders specified in paragraph 1 above, on authorisation of the shareholder(s) to convene the General Meeting and perform any and all relating acts.
4. The shareholder(s) under paragraph 1 is/are also vested with further rights under the law.

PART V
Company Bodies

Article 15
General Meeting

1. The General Meeting is the supreme body of the Company. The shareholders exercise their rights in matters of the Company at the General Meeting. The right to participate in the General Meeting and exercise all the shareholders' rights is vested in all the shareholders of the Company who were registered as shareholders in the records of securities five days prior to the General Meeting.
2. Members of the Board of Directors, the Supervisory Board and a representative of the insurance supervisory authority may also participate in the General Meeting without the right to vote. With consent of the Board of Directors or the Supervisory Board, further persons invited may also participate in the General Meeting without the right to vote.

Article 16
Convening of the General Meeting

1. The General Meeting that is to approve ordinary financial statements must always be held by 30 April of the given calendar year. If need be, the General Meeting may be convened at any time.
2. The Board of Directors will convene the General Meeting by a written invitation drawn up, where possible, in a bilingual version (Czech and English) and sent to all the shareholders to the address of their respective registered office or place residence specified in the records of securities at least 30 days prior to the General Meeting. A shareholder may choose that invitations to the General Meeting will be sent to him/her only by electronic means to the e-mail address specified by the shareholder to the Company by means of a written notice sent to the address of the Company's registered office. In that case, invitations to any subsequent sessions of the General Meeting will be sent to the shareholder only by electronic means to the indicated e-mail address. If a shareholder no longer wishes to receive invitations to the General Meeting only by electronic means at the e-mail address he/she has indicated or if a shareholder wishes to change his/her e-mail address for this purpose, the shareholder has to notify the Company of this fact in writing at the address of its registered office; such a notice becomes effective *vis-à-vis* the Company 60 days after its delivery unless the Company and the shareholder agree otherwise. A shareholder has to ensure that the e-mail address indicated by him/her to the Company for the purposes of sending invitations to the General Meeting corresponds to reality, is correct and fully functional; the Company is not obliged to verify in any way whether the e-mail address indicated by the shareholder is correct and fully functional. At the same time, the Board of Directors will publish the invitation to the General Meeting on the Company's website at least 30 days prior to the date of the General Meeting. The invitation must be displayed on the Company's website until the General Meeting is held. If a shareholder who has received an invitation to the General Meeting transfers his/her shares or a part thereof to a third party at a time until the date decisive for participation in the General Meeting, as specified in Art. 15 (1) of these Articles, and the third party is registered as a shareholder in the records of securities by that decisive date, the transferring shareholder is obliged to

notify the acquiror in writing of the venue, date and time of the General Meeting and its agenda. If the transferring shareholder breaches this obligation, the shareholder is liable to the acquiror for any damage incurred by the acquiror as a consequence of being prevented from participating in the General Meeting.

3. An invitation must include at least:
 - a) the business name and registered office of the Company;
 - b) the venue, date and time of the General Meeting;
 - c) specification as to whether an ordinary or substitute General Meeting is being convened;
 - d) the agenda of the General Meeting, including specification of any person nominated to a body of the Company;
 - e) the decisive date for participation in the General Meeting and explanation of its importance for voting at the General Meeting;
 - f) the draft resolution of the General Meeting and its substantiation.

4. In other cases, shareholders may meet at any time, at any place and for any reason. A valid resolution is deemed adopted in that case only if all the shareholders are present in person or duly represented and if they waive the notice period and form of delivery of a written invitation, and give consent to the discussion and adoption of resolutions on matters included in the agenda. Minutes must be drawn up regarding compliance with these conditions and the discussions held at the General Meeting and on the resolutions adopted; the minutes must be signed by all the shareholders present.

5. Where necessary and if urgent, the shareholders may adopt a decision *per rollam* on the basis of a written declaration of all the shareholders to the effect that they agree with the envisaged manner of voting. For this purpose, written manifestations sent by electronic means are also considered to comply with the written form. The decisive date for decision-making *per rollam* is the fifth day before the date of sending a draft decision to all shareholders. The Board of Directors will send a draft decision to all the shareholders, including the points in the sequence as follows:
 - a) whether they agree with a decision *per rollam*;
 - b) the text of the proposed decision and its substantiation;
 - c) the deadline for delivery of the shareholder's statement;
 - d) underlying documents necessary for adopting the resolution.

The deadline pursuant to subparagraph c) above will be set by the Board of Directors in the range from 5 to 30 days in view of the complexity and significance of the relevant decision. If a shareholder does not give his/her consent to a decision *per rollam* or fails to deliver his/her consent to the proposed decision within the set deadline, it will be deemed that he/she disagrees with the proposal to take decision via *rollam*. The decisive majority for adopting a decision will be calculated from the total number of votes of all the shareholders. The Board of Directors will notify all the shareholders of the result of voting *per rollam* in writing without undue delay after the end of the voting.

Article 17
Quorum at the General Meeting

1. A quorum at a session of the General Meeting is composed of shareholders present who hold shares with an aggregate nominal value of 60% of the Company's registered capital.
2. If a quorum is not present, the Board of Directors will convene a substitute General Meeting so that the substitute General Meeting takes place within six weeks of the date for which the original General Meeting was convened; the agenda will remain unchanged. The substitute General Meeting may make decisions in all matters on the agenda of the originally convened General Meeting, without regard to the provisions of paragraph 1 above.
3. A decision may be made on matters that were not included in the proposed agenda of the General Meeting only in the presence and with consent of all the shareholders of the Company.
4. If all the shareholders agree, the General Meeting may also be held if the requirements of these Articles and the law concerning the manner of convening the General Meeting have not been fulfilled. Such consent must be granted in writing and attached to the minutes of the General Meeting or must be granted at the General Meeting.

Article 18
Competence of the General Meeting

1. The General Meeting makes decisions in all matters laid down by the law or the Articles of Association.

Where the General Meeting is to make a decision on an increase or decrease in the registered capital, at least two-thirds majority of votes of the shareholders present is also required with respect to each kind of shares issued by the Company or replaced by interim certificates.
4. A decision on a change in the kind or form of shares, on a change in the rights associated with a specific kind of share, on limitation of transferability of registered shares and on removal of participating securities from trading on a European regulated market requires consent of at least three quarters of votes of the shareholders present holding these shares. Article 20a
Internal Structure

1. The Company has a two-tier internal structure, comprising the Board of Directors and the Supervisory Board.

Article 21
Board of Directors

1. The Board of Directors is the Company's governing body, which manages the Company, at its own responsibility, as required for the Company's benefit, having regard to the interests of the shareholders and employees, as well as the public interest. In this respect, the Board of Directors is obliged to act in accordance with the laws, the Articles of Association and its rules of procedure, which must be approved by the Supervisory Board.
2. The Board of Directors represents the Company in courts and out of courts. The Board of Directors is obliged, *vis-à-vis* the Company, to comply with the limitations specified by the Articles of Association or by the Supervisory Board with respect to the scope of its authority to act for the Company as well as any limitations following from resolutions of the General Meeting. Any limitation of the right to act for the Company is ineffective *vis-à-vis* third parties.
3. Members of the Board of Directors are elected and removed by the Supervisory Board. The Board of Directors elects its Chairperson from among its members. Optionally, the Board of Directors may also elect its Vice-Chairperson from among its members. The Supervisory Board may nominate candidates for the positions of Chairperson and Vice-Chairperson of the Board of Directors. Together with the election of a member of the Board of Directors, the Supervisory Board may elect his/her substitute, who will become a member of the Board of Directors if the substituted member's office in the Board of Directors terminates. The term of office of a substitute ends upon election of a new member of the Supervisory Board replacing the substituted member, but not later than at the time when the original term of office of the substituted member would have ended. A substitute may be elected as a regular member of the Board of Directors.
4. The Vice-Chairperson assumes the tasks of the Chairperson of the Board of Directors in cases where the Chairperson cannot perform these tasks.
5. The Board of Directors of the Company has at least three members. The exact number of members of the Board of Directors is specified by the Supervisory Board. Only a natural person who complies with the general conditions for operating a trade under a special law and with respect to whom there is no obstacle for operation of a trade under the special law, irrespective of the Company's objects of business, may become a member of the Board of Directors, provided that he/she also complies with further conditions for the discharge of office as required by the law.

6. In all cases, two members of the Board of Directors acting jointly are entitled to manifest the Company's will and sign documents for the Company. Analogously, in all cases, only two corporate agents acting jointly are entitled to manifest the Company's will and sign documents for the Company, having regard to the statutory limitations. If a manifestation of will is being made towards the Company, it is sufficient if such a manifestation is made *vis-à-vis* one member of the Board of Directors.
7. Documents are signed for the Company in that the number of persons required to perform the given act attach their signatures to the printed or otherwise indicated business name of the Company, together with specification of their respective office.
8. The term of office of a member of the Board of Directors is 5 years unless a decision of the Supervisory Board or the relevant agreement on discharge of office specify otherwise. The office of a member of the Board of Directors expires upon election of a new member of the Board of Directors to replace him/her, but not later than 3 months from the end of his/her term of office.
9. Each member of the Board of Directors may resign from his/her office. If the resigning member of the Board of Directors announces his/her resignation at a meeting of the Supervisory Board, he/she may ask the Supervisory Board to approve that the resignation will take effect immediately or on some other specific future date. If the Supervisory Board approves the effective date of the resignation proposed by the resigning member of the Board of Directors, his/her office expires as at the relevant date. If the Supervisory Board does not approve the effective date of the resignation proposed by the resigning member of the Board of Directors, his/her office expires two months after the relevant announcement. If the member of the Board of Directors does not announce his/her resignation at a meeting of the Supervisory Board, he/she must notify the Supervisory Board of his/her resignation in writing. It is sufficient for these purposes if the notice is given to the Chairperson of the Supervisory Board. The Company's mailing address is the address of its registered office. Even in his/her written notice of resignation, a member of the Board of Directors may ask the Supervisory Board to approve that the resignation will take effect on some specific future date. If the Supervisory Board approves the effective date of the resignation proposed by the resigning member of the Board of Directors, his/her office expires as at the relevant date. If the Supervisory Board does not approve the effective date of the resignation proposed by the resigning member of the Board of Directors, his/her office expires on the date when the Supervisory Board discussed or should have discussed the resignation; the Supervisory Board may discuss a written notice of resignation not only at its meeting, but also by means of a written resolution adopted *per rollam* under Art. 28 (3) of these Articles.
10. The Supervisory Board may remove a member of the Board of Directors at any time based on proposal of the General Meeting or the Chairperson of the Supervisory Board. A simple majority of the votes cast by members of the Supervisory Board is required for electing and removing individual members of the Board of Directors. In case of equality of votes, the Chairperson of the Supervisory Board has the casting vote.
11. If a position on the Board of Directors becomes vacant for any reason, the Supervisory Board must elect a new member of the Board of Directors within two months unless a substitute member had assumed the position in the sense of paragraph 3 above. If a

position on the Board of Directors becomes vacant before expiry of the former member's term of office, the new member is elected only for the remainder of the term of office of the former member whose position became vacant. It is expressly stipulated that the Board of Directors may not elect its own members.

12. Detailed conditions relating, in particular, to convening the Board of Directors and its meetings will be laid down in the rules of procedure, which must be approved by the Supervisory Board.

 - annual report;

If this member of the Board of Directors is not present at the meeting, the item on the agenda relating to his/her area of competence has to be adjourned to the next regular meeting of the Board of Directors. If this member of the Board of Directors is not present even at the next meeting, members of the Board of Directors may adopt the resolution even in his/her absence. However, notwithstanding the above, any member of the Board of Directors may (even in the cases specified above) authorise, on a case-by-case basis, another member of the Board of Directors to vote for him/her in his/her absence at the meeting.
A member of the Board of Directors may also waive his/her right to be present to the debate on an item on the agenda pertaining to his/her area of competence; the waiver has to be done in advance in writing. In that case, the members of the Board of Directors may adopt a resolution without the member's presence without the need to adjourn the relevant item on the agenda to the next regular meeting of the Board of Directors.
3. Where necessary and if urgent, the Chairperson or Vice-Chairperson may issue a resolution *per rollam*. For this purpose, manifestations sent by electronic means are also considered to comply with the written form. A person participating in the meeting and voting in this manner is considered present at the meeting and has the right to vote.

This is without prejudice to the right to claim damages.
3. The rights under paragraph 2 above expire if not enforced against the member of the Board of Directors concerned within 3 months of the date when the Company became aware of this fact, but not later than within 1 year of the breach. This is without prejudice to the right to claim damages.
4. Members of the Board of Directors may not perform any secondary activities for consideration, especially operate a business under the Trade Licensing Act, without consent of the Supervisory Board.
